

DRINK BILL OF BRITAIN SHOWS A BIG INCREASE

\$25,000,000 More Is Spent in Alcoholic Liquor in 1913

London, May 9.—The drink bill of the United Kingdom for the past year shows an increase of twenty-five million dollars. The United Kingdom Alliance, whose mission is to decrease the consumption of alcoholic liquors, makes this report, and suggests that the increase is probably due to unprecedented prosperity, for the Kingdom had never experienced a greater wage bill. The encouraging feature, according to the Alliance, is a decrease shown in the per capita consumption, which attained its maximum during similar trade revivals in 1874 and 1899.

A discouraging feature is the increase in the consumption of spirits, which leads with an increase of 1,267,000 gallons. Beer is second with 1,002,000 gallons and wine third with 131,000 gallons. The share of each individual in the United Kingdom in the drink bill for 1913 was eighteen dollars while the average for a family of five persons was ninety dollars. Since these figures do not allow for the boys and girls under fifteen years of age and the total abstainers, it may be assumed that among the drinkers the average per capita expense for drinks is much higher than stated.

Many Die From Alcoholism.
During 1911, 2802 men and 2974 women were certified to have died in England and Wales alone as the result of alcoholism. This number does not include those whose deaths have been accelerated by the use of alcohol. Dr. W. C. Sullivan is quoted in the report as making the estimate that twenty per cent. of the suicides in the United Kingdom are due to the use of alcoholic stimulants.

A startling feature of the infant mortality figures furnished by the Alliance is the fact that in 1913, 1,774 babies under one year of age were suffocated while sleeping with their parents or other elders, and the organization claims that most of these cases can be laid at the door of alcoholic indulgence. The organization also points out the effect of alcohol on the physique of the race, on crime and on divorce.

STATE Y. M. C. A. NOTES.

A very attractive illustrated Camp booklet entitled "The Boy Vacation Question" has just been issued by the State Y. M. C. A., announcing the plans for Hoxo-Went-Ha Camp for boys on Torch Lake. The camp this year will be open for the entire summer season from June 26th to Sept. 1st, and will be limited to 100 boys at each session of two weeks.

A large number of applications are already in and the prospects are that the limit will be reached at a early date.

Any boy interested in camping out for boys can get one of these free booklets on application at the Y. M. C. A., or addressing the State Office in Detroit, 411 Association Bldg.

The corner stone of Flint's new \$100,000 Y. M. C. A. building is to be laid by Governor Ferris Saturday afternoon at three o'clock. Thousands of men in the factories contributed to this building and the corner stone laying ceremonies are to be held at a time when they can attend. The building is the last word in Association Architecture and is arranged so as to give equal privilege to both boys and men. In fact it is really two buildings built into one. The people of Flint are to be congratulated upon the erection of this magnificent structure and the splendid public spirit they have shown in providing the money for it.

WHY ENDURE PIMPLES

CUTICURA
Soap and Ointment

Do so much for pimples, blackheads, red, rough hands, and dry, thin and falling hair, and cost so little that it is almost criminal not to use them.

Cuticura Soap and Ointment sold throughout the world. Liberal sample of each mailed free, with 25¢ box. Address "Cuticura," Dept. 48, Boston. Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

IN THE CHURCHES OF CALUMET AND VICINITY

Local Pastors Are Invited to Contribute to This Department Which Will Appear Each Saturday. All Notices Free of Charge.

CALUMET M. E.
The observance of Mother's day at the Calumet M. E. church, will be postponed for several weeks, owing to alterations which are now under way in the auditorium. Sunday services will be conducted in the basement of the church. In the morning, Rev. C. L. Adams will preach on the subject, "The Endowment of Power" and in the evening, the pastor will speak on "A Young Man's Question."

NORWEGIAN-DANISH M. E.
Rev. P. M. Pedersen will conduct preaching service at the Norwegian-Danish M. E. church at 10:30 a. m. and 7 p. m., speaking on the subjects, "In the World Yet Not of the World," and "Your Mother." A special program of exercises will be offered by the children in connection with the evening service.

FIRST BAPTIST.
At the First Baptist church Sunday morning, John Harry will preach on the subject, "The Why of Pentecost" and in the evening, the pastor, Rev. George W. Hirsom, will preach on "Our Mother," a sermon appropriate to Mother's day. A men's chorus will be the feature of the song service.

NORWEGIAN LUTHERAN.
Interpretation of the Truth, will be the theme of a sermon at the Norwegian Lutheran church Sunday morning by Rev. S. Romsdahl. In the evening the pastor will preach in English on the subject, "How We May Know God."

GERMAN REFORMED.
Rev. N. H. Qual of the German Reformed church announces the usual services with preaching at 10 o'clock, congregational meeting at 11, and Sunday school at 11:15. Services will be conducted at Lake Linden by the pastor at 2:30 p. m.

LAURIUM M. E.
The usual services will be conducted at the Laurium M. E. church Sunday by the pastor, Rev. A. B. Sutcliffe. Classes will meet at 9:30 and Sunday school will convene at 2:30.

ALLOUEZ M. E.
J. Kent of Tamarack will have charge of the evening service at the Allouez M. E. church. Sunday school will meet at 2:30.

OSCEOLA M. E.
Rev. W. H. Collycott will preach at the Osceola M. E. church and William Dunstan will have charge of the evening service.

TAMARACK M. E.
Leslie Donald will conduct the morning service at the Tamarack M. E. church and Rev. Collycott will preach in the evening.

BOSTON M. E.
Rev. Collycott will preach at the Boston M. E. church at 3 o'clock and James Kent of Tamarack will conduct the evening service.

SALVATION ARMY.
Lieutenant Col. Marshall of Minneapolis and Lieut. Col. Addie of Chicago will assist at the services at the Salvation army hall, Portland and Seventh streets, Sunday.

CENTENNIAL M. E.
The usual morning services will be conducted by Rev. J. J. Strike at the Centennial M. E. church and a Mother's day program will be presented in the evening.

EPISCOPAL MISSIONS.
(Church of England)
Rev. Howard B. Ziegler of the Episcopal missions, announces the following services:

NEW ALLOUEZ. St. Mark's Mission, Holy Communion, 8:30 a. m.; Sunday school, 2:30 p. m.; service and sermon, 3 p. m.

KEARSARGE. St. John's Mission, 101 County Road. Matins and sermon, 11 a. m.; Sunday school, 12 m.

LAKE LINDEN. St. David's Mission, Library Hall. Vespers and sermon, 6:45 p. m.; Confirmation instruction, 7:45 p. m.

ALTER PURE FOOD LABELS.

Word "Guaranteed" Is Misleading, Says the U. S. Department.

Washington, May 8.—Holding the words "guaranteed" under the pure food act and "guaranteed by (name of guarantor) under the food and drugs act" to be misleading and deceptive, the use of serial numbers on foods and drugs will be prohibited after May 1, 1915, under a decision announced today by the federal food inspection board.

The board holds the use of these legends on the labels or prescription of foods and drugs, accompanied by serial numbers given by the secretary of agriculture, are misleading and deceptive, in that the public is induced to believe the articles to which they relate have been examined and approved by the government and that the government guarantees that they comply with the law. Notice of the new regulations was prepared to give manufacturers an opportunity to use up their present stock of labels. After May 1, next, guarantees of compliance with the law will be given by manufacturers directly to dealers, and should be incorporated in the invoice or bill of sale specifying the goods covered, the board holds. "This guarantee," it says, "should not appear on the label or product." The board consists of the secretaries of the treasury, agriculture and commerce.

WORLD'S SHIPS WILL USE CANAL

Owners of Liners Making Ready for Opening of Waterway

Panama, May 8.—Since announcement that the Panama canal probably will be ready for through navigation by July this year many letters of inquiry regarding the conditions to be imposed have been coming to the canal authorities from all parts of the world. It is apparent that steamship companies of all the great maritime nations expect to make an almost immediate use of the canal.

Ask Information on Facilities.
The communications also indicate that in virtually all cases the companies contemplate a through service from European ports to those on the west coast of North, Central and South American countries. Among the inquiries are those regarding tolls, conditions of navigation, pilotage in entering the terminal ports and through the canal and the charges for this service, wharfage facilities at Balboa and Cristobal, location and equipment of repair shops, coaling and provisioning facilities and a host of other items relating directly to the usage of the canal.

Most of these questions are addressed to the governor of the Panama canal direct while others are sent to Washington and are forwarded to the isthmus. It is planned to turn them over to the newly appointed superintendent of transportation who will be instructed by the governor to supply the desired information. Steamship companies which already are represented on the isthmus have sent their local representatives to the canal officials seeking similar information.

Heavy Traffic Anticipated.
It is apparent to the canal authorities that as soon as the waterway shall have been thrown open much greater use of it will be made than has been anticipated. It has been stated that not more than 10,000,000 tons traffic could be expected for the first year the canal is in operation. The letters of inquiry seem to make it plain to the authorities here that already a greater tonnage for the first year is indicated.

Passenger-carrying lines are evincing considerable interest in the question of passenger tolls through the canal. This subject seems not to have been settled to the satisfaction of the companies who desire to be informed whether tolls will be charged at all, and if so, at what rate. The letters indicate that most of the companies are preparing for a heavy passenger traffic through the canal next year at or about the time of the formal opening and thence to the exposition at San Francisco.

Schedules of charges aside from tolls for various services to be performed by the Panama canal are in the course of preparation and probably will be promulgated in an official circular from the governor's office in the near future.

Politics Become Active.
With the arrival of Dr. Ramon Valdez, Panamanian minister to London politics became active and there are indications that he will wage a heated campaign for the presidency of the republic to succeed President Porras whose term expires in 1916. Dr. Valdez is known to be the candidate President Porras favors to succeed him and through whom he hopes to continue the policies of his administration. It is understood that Dr. Valdez, who now is counselor for the Department of Foreign Affairs, was brought back to Panama to begin an early and aggressive campaign.

ALGERIAN SURGEONS OPERATE WITHOUT USING ANAESTHETIC

ONLY TRAINING THEY RECEIVE IS INSTRUCTION FROM THEIR FATHERS.

London, May 8.—Without anaesthesia or modern instruments, native surgeons among the Bedouins of the Algerian hinterland have become so skilful that they do not hesitate to undertake operations as delicate as trepanning. This report is brought by H. Hylton-Simpson, who, accompanied by his wife, has just returned from a scientific expedition among these almost unknown nomadic tribes of the desert. The explorer and his wife lived among the natives and established the closest relations with the ruling sheiks of remote villages.

They found that surgery had grown to be a really skilled profession. Hylton-Simpson was lucky enough to come into contact with a friendly Arabian physician who arranged a meeting for him with eight of the tribal surgeons. From them he collected a mass of interesting information and a valuable collection of native surgical instruments. Their saws, lancets and probes are of the crudest design, but prove highly effective in the hands of their native operators. The only training these native surgeons have is instruction from their father. Very few of them are able to read or write.

Trepanning operations are probably more common in this country than anywhere else in the world because of the frequency with which the natives resort to stone throwing in a fight. The use of an anaesthetic is unknown and pain is regarded with such contempt that the people seem impervious to it. Hylton-Simpson saw one case in which a boy was operated on, for fifteen days for the removal of a small piece of skull. The operation was successful and the patient recovered. Besides surgery the natives claim to have discovered two hundred cures for various diseases.

Laurium Department

COUNCIL PLANS SPECIAL MEETING NEXT TUESDAY

FINAL DETAILS OF TOWN HALL REMODELLING PLAN TO COME UP.

There will be a special meeting of the Laurium council and contractors Vairo and Chatel, who were awarded the contract for the remodeling of the town hall building, next Tuesday evening, at which a decision will be reached as to the extent of this work and who will supervise it. The contracts also will be signed.

Those familiar with the plans prepared for the remodeling of the town hall anticipate they will give the town a municipal building of which it may well be proud. All of the present building will be utilized, but a rearrangement of the ground floor will provide more space and a better location for the different departments, while an addition to the north side, 13 feet wide by about fifty feet long will eliminate features which at present are objectionable.

The addition will be two stories in height so as to correspond with the present structure. The whole will be given a front of cement plaster, which should be very artistic and the erection of a tower in front of the new section of the building, replacing the old belfry, will lend it dignity.

The plans provide for but few changes in the section of the building now used for the fire apparatus. The clerk's office will be moved to the front of the present building, now occupied by the stairway so that it will face the street. It will be reached from a hallway leading from the main entrance. This change will necessitate the building of a new vault. At the rear of this will be situated the council chamber and in what is now the council chamber will be located the jail, with the marshal's office adjoining. On the second floor of the new addition will be located dormitories for the firemen.

INSTALLING NEW GAS MAINS.

The Calumet Gas company has a force of men at work on the south end of Hecla street, installing a new 2 1/2 inch main, which will be continued as far as Tamarack street on Lake Linden avenue. The new main is situated on the west side of the street and will be in addition to a main of similar size, located on the east side of the street. Excellent progress is being made.

MEN'S BANQUET TONIGHT.

At the Laurium M. E. church this evening, the annual men's banquet will be conducted, all male members and supporters of the church over sixteen years of age being invited to attend. There will be a splendid supper and a program of impromptu talks will be given.

CURRENT WILL BE OFF.

It is announced today that the electric current will be shut off in the Laurium district tomorrow morning, between the hours of 7 and 11 o'clock. Changes in the wiring equipment are given as the reason.

FOREST NOTES.

There is a considerable amount of yew in California, and makers of bows are seeking material there for archery sets.

Western yellow pine cones, to the amount of 6,377 bushels, obtained on the Bitterroot national forest, Montana, yielded 9,482 pounds of seed. The average cost of the extracted seed was 41 cents per pound.

Results from western white pine plantations three seasons or more old show an average of 97 per cent. success. On average white pine soil planting can be conducted for from \$5 to \$6 per acre.

Forest botanists recognize only one cypress in the United States. Its range extends from Delaware southward around the coast into Texas and up the Mississippi valley to Illinois and Indiana. It is one of the few cone-bearing trees which drop their leaves in winter. The heartwood of cypress is noted for its decay-resistant properties.

SACRED HEART ALUMNI.

Annual Meeting and Election of Officers Tuesday Evening.

The alumni organization of the Sacred Heart high school of Laurium will hold its annual meeting and election of officers at the high school assembly room next Tuesday evening, May 12th, at 7:30 o'clock. At this meeting several matters of importance will be discussed and a large attendance is requested. It is probable plans will be made for an entertainment in honor of the class of 1914.

James F. Kelly is president of the alumni association and has called the meeting. The association boasts a strong organization and its officers and members are very active.

MARRIAGE THIS WEEK.

The marriage was solemnized Thursday morning at the Sacred Heart church of Miss Marion M. Cote, daughter of Mr. and Mrs. David Cote of Hecla to Charles G. Voelker of Quincy. Mr. and Mrs. Lawrence Kopp of Calumet were the attendants. Mr. and Mrs. Voelker will make their home at Quincy.

LAURIUM BREVITIES.

Ed East, John C. Vivian, Phil Parlong and J. C. Swanson enjoyed a fishing trip to the Gratiot yesterday.

John Dahl resumed his duties at the Vivian store today after an illness of two or three months' duration.

Mr. and Mrs. Fred Lind of Virginia, Minn., are the guests of Laurium friends.

Mrs. Harry Lohb departed last evening for Superior, Wis., to visit with her daughter.

The death occurred in Laurium this week of William Antonich, aged 63, a native of Croatia. The funeral will be held Sunday afternoon with services at St. John's church.

The funeral of the late Mrs. Andrew Tammi was held this afternoon from the Finnish Lutheran church on Pine street. Rev. A. L. Heldman officiating. Miss Elsie King is visiting with friends in Wisconsin towns.

Cloutier Bros. of Laurium have installed a new glass show case with a refrigerator attachment in which to show their meats.

The Ladies' Sewing club was entertained Wednesday afternoon at the home of Mrs. Harvey Cornher.

The Jolly Junior club will entertain in the Laurium bank hall at a dancing party this evening.

The Mohawk Mining company has a force of men constructing a new road connecting the No. 5 and 6 shafts with Nos. 3 and 4 shafts.
